

No. 51. An act relating to encouraging use of local foods in Vermont's food system.

(H.192)

It is hereby enacted by the General Assembly of the State of Vermont:

Sec. 1. ELECTRONIC BENEFIT MACHINES; FARMERS' MARKETS;

DEPARTMENT FOR CHILDREN AND FAMILIES' FUNDING

(a) The department for children and families will receive funding through the American Recovery and Reinvestment Act (ARRA) of 2009, Pub.L. 111-5, a portion of which is dedicated to administrative expenses of the 3SquaresVT (formerly food stamp) program.

(b) With respect to federal monies available to the department for children and families under the ARRA, the general assembly directs the department to dedicate at least \$35,000.00 for the purpose of helping Vermont farmers' markets cover the costs of electronic benefit machines and related expenses, or to use the money for other administrative programs that facilitate access to healthy local foods.

Sec. 2. MILK AND MEAT PILOT PROGRAM

(a) The commissioner of education, the secretary of agriculture, food and markets, and the secretary of human services shall work with Vermont's congressional delegation to design the reauthorization of the federal Child Nutrition Act to create a milk and meat pilot program in Vermont. The pilot program should be designed to:

(1) test the feasibility of and options for centralized statewide purchasing of local milk and meat for school meals; and

(2) offer technical assistance and training to school staff regarding sourcing, use, storage, and preparation of local foods.

(b) On or before January 15, 2010, the commissioner and secretaries shall report to the senate and house committees on agriculture on the success of their negotiations with the congressional delegation.

Sec. 3. FRESH FRUIT AND VEGETABLE GRANT PROGRAM;

TECHNICAL ASSISTANCE

(a) The department of education has received funding through the federal fresh fruit and vegetable grant program to increase the consumption of fresh fruit and vegetables and promote the nutritional health of schoolchildren. However, some of the schools receiving these funds have been unable to maximize their use due to lack of storage equipment, staff to administer the programs, staff to process the foods, or knowledge about how to optimize consumption of the fresh foods by young children. Therefore, the general assembly hereby directs the department of education to work with school districts and supervisory unions to identify ARRA funds they or the department will receive in fiscal year 2010 to determine if any may be used to provide the resources or technical assistance to schools that will help them

maximize the purchase and use of local fruits and vegetables under the fresh fruit and vegetable grant program.

(b) On or before January 15, 2010, the commissioner of education shall report to the senate and house committees on agriculture on the success of finding and using funds to help to implement the fresh fruit and vegetable grant program.
